23 October 2005

PERSONNEL AUTHORIZATION
NO. 05-24

1. The Distress Find Ribbon is awarded to the following CAP aircrew members for their participation in AFRCC Mission 05M2001, closed 19 October 2005. This mission involved the location of a Lancaire aircraft, N285JB, which was reported missing after failing to return to Gillespie Field, El Cajon, CA from an air show in Scottsdale AZ. The trip had been made without a flight plan, making location of the crash site more challenging. The wreckage was located following extensive analysis of possible RADAR tracks. There were no survivors. Auth: CAPR 39-3.
